▪ **Massoud Rajavi - Message No. 16 - The tremors of overthrow shake religious tyranny**

November 29, 2019

Congratulations on the determination of the heroic people and their rebellious centers and children.

Our words and those of our people, like in the time of the Shah, addressed to the people, the stronghold of the people and the executioner of the century, are: take, close, kill, bury yourself!

Come on, these are the young people you wanted! Insurgents who, more than the entire uprising of December 1996, set fire to and crushed hundreds of government repression and looting centers. They really made hell for you. What more?

Until the day of the great wrath of the people and the Creator:

More than 100 cities came on stage with brave and rebellious youth.

More flames are waiting. The uprising for freedom is burning.

▪ **Massoud Rajavi - Message No. 17 - The revolt continues - Mullah's only answer is the fire of the flame**

November 27, 2019

But the people and the resistance of Iran achieved a great and irreversible leap at a heavy and bloody price. This is our insurance policy for future developments.

Victory strategy of the Liberation Army in the centers, neighborhoods and cities, a local insurgency. This strategy is now blazing all over the country.

We call on the regime and anyone on the regime's front and in line with the regime to claim the base of the Mujahedin and the Iranian resistance inside the country.

The mullahs claim that this resistance has no base inside Iran. Our answer is: Ensure the freedom and security of the members and supporters of this resistance to hold a march in the streets of Tehran, then you will see how they will overthrow your regime «(July 27, 2014).

Mullah's only answer is fire

O fire, flame up

The riot continues

And this is an uprising to a victory

▪ After Najaf Ashraf and smashing the nest of terror and espionage of the regime, now the uprising in Nasiriyah shines through the eyes of the reactionary caliph.

November 19, 2019

A thousand greetings to the heroes, heroines and insurgent Mujahedin in Najaf Abad and Baghdad

Bravo! You taught the best lesson to the agents of the Iranian regime in Najaf Ashraf on the doorstep of Amir Almomenin (Imam Ali of Shia Muslims, who was a symbol of justice).

Today in Nasiriyah, with 40 martyrs and more than 300 wounded, you really created the turning point of the path to liberate Iraq from the yoke of religious tyranny that rules Iran. Today marks the bloody history of the two-month uprising in Iraq. The storm of the revolution does not reconcile the strategic depth of Velayat-e-Faqih in Iraq and Lebanon with the uprising in Iran with Khamenei and his henchmen.

Baghdad captured and wounded will be set free. The rebellious youth keep the «writing» torches burning until the end.

The revolution in Iraq, Lebanon and Iran is a revolution rather than a victory!

▪ **Massoud Rajavi's message to the Iraqi revolutionaries**

January 26, 2020

Congratulations to the revolutionaries in Baghdad's Freedom Square for deepening the borders of the revolution and reaction against tyranny and purging the ranks of the handmaidens of the religious fascist regime ruling Iran.

▪ **The big boycott of showing the clerical elections**

February 25, 2020

Congratulations to the heroic people and the centers of the uprising and the revolution

The provincial Revolutionary Guards must be crushed
The perpetrators of crimes against the people and strong sons of Iran must
Stand up for justice and be punished.

▪ **Massoud Rajavi: The proliferation of the children of Iran and the deprived and helpless people is the catastrophe and the virus of the province**

March 1, 2020

We repeat:

The answer is in revolution and overthrow
«The National Liberation Army»

▪ **Massoud Rajavi: The war of the Iranian people with Corona is part of the war of destiny with Khamenei and the antichrist and inhuman regime of Velayat-e Faqih**

March 5, 2020

Do not be afraid, use your suppressed anger against the regime

▪ **Massoud Rajavi: Alas, the death toll from the Corona disaster from the province virus is even higher than 2,000**

March 7, 2020

We should take the health care facilities out of the hands of the regime and give them to the deprived people.

▪ **Rebellion in the battle of destiny with the Coronavirus of Velayat-e Faqih**

March 8, 2020

The vanguard of the freedom fighters and the heroic centers of the insurgency, inspired by Abraham, the Idol Breaker, Haidar the Brave Warrior and enemy breaker (meaning Imam Ali), have sworn to overthrow the idols of polytheism and ignorance by cursing Khomeini and Khamenei and breaking the shackles of this regime. By Allah, I will devise a stratagem against your idols... (Holy Quran)

Do not give up in the face of the corona and all these calamities, and choose the corner of solitude as the caliph of reaction wants, and be passive in waiting and doing nothing. "War" is not the an-

swer. Victory of insurrection and war is required a hundredfold.

1- Shout in every alley and street. Iran is a fiery cry. Let the world see and hear. See and hear that the Iranian people do not want the corona and the mullahs.

2- Health and medical facilities should be taken out of the hands of the regime in order to obtain them

Government centers, especially the IRGC, the Basij, the reactionaries, and the spheres of ignorance and crime that are not created, must be crushed.

The right can be taken. You have to dig in and pull it out of the throats of anti-human mullahs

- **The countdown of uprising and overthrow**

April 5, 2020

The souls that are lost are the countdown of uprisings and overthrows

You have to fight a hundred times more and take Iran back

- **The uprising of the rebellious people and youth in Behbahan**

July 17, 2020

For the brave and helpers of Dashti and the people of Behbahan:

try to take the executioners of the rebellious youth or bring them to martyrdom like Mahmoud and Mehrdad.

Massoud Rajavi: With another storm, Khamenei should be told to stop shooting arrows and axes. Another uprising and revolution must break the shackles of this regime.

- **Massoud Rajavi to the youth of the homeland: Follow the execution of Mustafa and Navid to defend yourself and the people in armed chains!**

September 13, 2020

Follow the execution of Mustafa and Navid to defend yourself and the people in armed chains!

#DissolutionOfIRGC

- **Massoud Rajavi to the youth and people of Tehran: Do not tolerate horrific and inhumane scenes of repression and beatings, intimidation in public under any pretext or title.**

October 7, 2020

Massoud Rajavi to the youth and people of Tehran: Do not

tolerate the heinous and inhumane scenes of repression and intimidation in public under any pretext or title. Curse Khamenei. Shout out for the principle of Velayat-e-Faqih. The answer is shooting and executions, and that's it. At least the officers and their vehicles should be stoned. On the night of Arbaeen, Khamenei and his henchmen committed the utmost humiliation, humiliation and insult against our nation. We shall never lose our dignity. Armed with chains to defend yourself and the people. #DissolutionOfIRGC

▪ Massoud Rajavi to the virtuous and rebellious youth in Tehranpars: The response of the children of Iran is a maximum of aggression and a hundredfold war

October 23, 2020

Do not be afraid of the bragging of the enemy. Khamenei's message to the police chief and the beheading of a chief for fear and helplessness on the anniversary of the November uprising. The answer of the children of Iran is the maximum aggression and the war is a hundred times more.

▪ Massoud Rajavi - Inviting Khamenei, Rouhani and Raisi to attend the trial

March 8, 2021

I call on all my compatriots to provide the names and addresses of intelligence agents, mercenaries, those in plain clothes, executioners, children of judicial executioners, the Basij, and the IRGC to the insurgency centers for the great day of justice and law. During the anti-monarchist revolution and at the beginning of Khomeini's betrayal and crime, revolutionary insurgents roared: May the weapon of our people always roar in the chests of traitors

- **Massoud Rajavi: For what crime was Dash Abbasgholi Salehi hanged by the Judicial Executioners Judiciary in Isfahan Prison after enduring 20 years in prison in a sudden and immediate sentence?**

August 28, 2020

To the nobles of the neighborhoods and the gentlemen of the street and the bazaar and the valiant men

Every city and country I just say by example

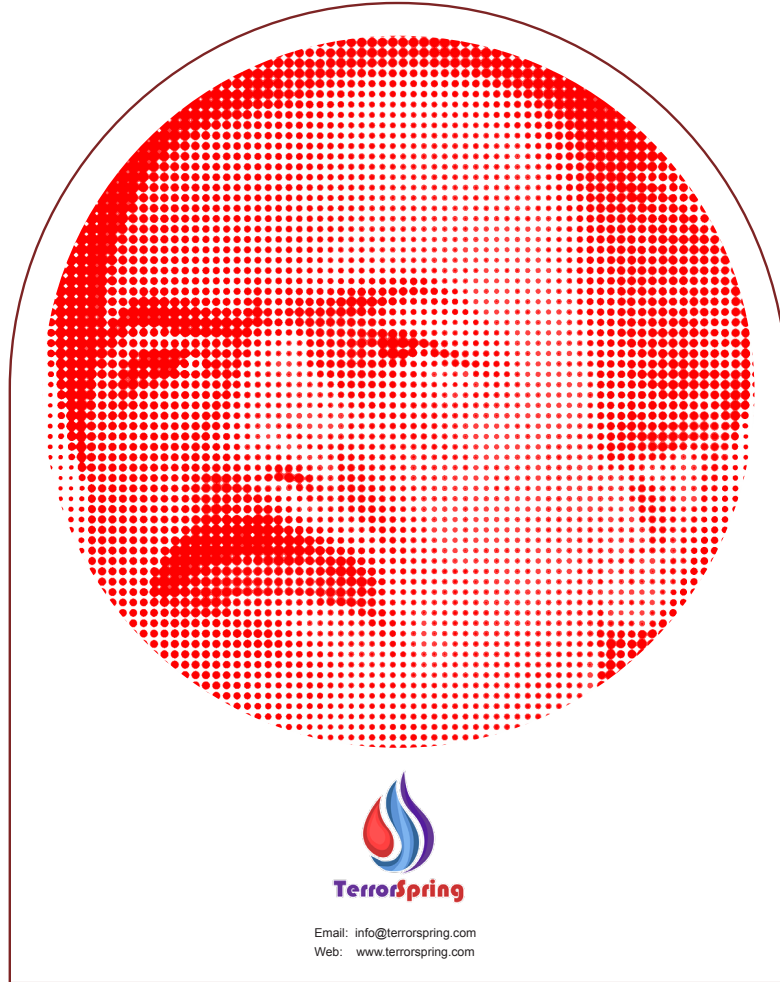

Insurgent martyr Mostafa Salehi from Kahrizsang

Isfahan must rise up to punish the executioners and penalize the mercenaries

For a fiery uprising
